

## **Safeguarding policy**

### **The purpose and scope of this policy**

West Midlands Sports Development CIC delivers services including sports provision, training and coaching for children, young people and vulnerable adults. Within its work, West Midlands Sports Development CIC has a responsibility to promote the wellbeing and safety of all.

The purpose of this policy is:

- To safeguard and promote the wellbeing of the children and vulnerable adults with whom West Midlands Sports Development CIC works.
- To provide parents, carers, colleagues and other professionals with the overarching principles that guide the company's approach to child protection.

West Midlands Sports Development CIC recognises its duty to ensure that appropriate action is taken where a child or vulnerable adult is experiencing harm or is at risk of harm. This policy relates to all children up to 18 years of age. It also relates to vulnerable adults who may need to be safeguarded from harm.

This policy statement applies to anyone working on behalf of West Midlands Sports Development CIC, including directors, employed staff, volunteers and self-employed coaches (referred to throughout as colleagues).

### **Legal framework**

This policy has been drawn up on the basis of legislation, policy and guidance that seeks to protect children in England. A summary of the key legislation and guidance is available from [nspcc.org.uk/childprotection](https://www.nspcc.org.uk/childprotection).

### **We believe that:**

- Children, young people and vulnerable adults should never experience abuse of any kind, including neglect.
- We have a responsibility to promote the welfare of all children and young people and vulnerable adults, to keep them safe and to practise in a way that protects them.

### **We recognise that:**

- The welfare of the child is paramount.
- All children, regardless of age, disability, race, religion or belief, sex, sexual orientation or gender reassignment have a right to equal protection from all types of harm or abuse.
- Some children are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues.

- Abuse is a deliberate act of ill-treatment that can harm or is likely to harm a person's safety, wellbeing and development. Abuse can be physical, sexual or emotional.
- Neglect also constitutes abuse and can be defined as failing to provide or secure a child or vulnerable adult with the basic needs required for physical safety and wellbeing.
- Working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare.
- Adults aged 18 and over have the potential to be vulnerable for a variety of reasons which may be temporary or permanent. An adult may be vulnerable if he/she:
  - Has a learning or physical disability or a reduction in physical or mental capacity.
  - Has a physical or mental illness, including addiction to alcohol or drugs.
  - Is receiving community services or healthcare because of age, health or disability, or is living in sheltered or residential accommodation.
  - Is unable, for any other reason, to protect themselves against harm or exploitation.

**We will seek to keep children and young people and vulnerable adults safe by:**

- Valuing, listening to and respecting them.
- Appointing a nominated Safeguarding Lead.
- Sharing concerns and relevant information with agencies who need to know, and involving children, young people, parents, carers and vulnerable adults appropriately.
- Creating and maintaining an anti-bullying environment.
- Sharing information about child protection and safeguarding best practice with children, their families and colleagues via appropriate channels.
- Recruiting colleagues safely, ensuring all necessary checks are made.

- Using our procedures to manage any allegations against colleagues appropriately.
- Ensuring that we have effective complaints and whistleblowing measures in place.
- Providing a safe physical environment for children, young people, vulnerable adults and colleagues by applying health and safety measures set out in law and regulatory guidance.

- Managing any referrals/cases through to resolution.
- Maintaining an overview of safeguarding issues and monitoring the implementation of this policy, in conjunction with the other directors.

If a colleague suspects that a child or vulnerable adult is being harmed by experiencing, or already has experienced, abuse or neglect and/or is likely to suffer harm in the future, they must report it to the Safeguarding Lead or company director, at the earliest opportunity.

It is not the responsibility of West Midlands Sports Development CIC to decide whether or not abuse or neglect has taken place. It is the responsibility of colleagues to act if there is cause for concern, so that the appropriate agencies can investigate and take any action necessary.

**In an emergency**

In an emergency situation where an individual is causing or threatening actual physical self-harm or harm to another, colleagues must seek immediate assistance from the emergency services – Police, Ambulance, Fire Brigade. In all circumstances the colleague should seek to remove themselves from any form of danger to themselves and not attempt to resolve the incident.

**Supporting and supervising colleagues**

West Midlands Sports Development CIC will provide supervision and support for colleagues in their work with children, young people and vulnerable adults, and for areas directly linked to the content of our programmes.

- Have physical contact.
- Sell to or buy items from children or vulnerable adults.
- Offer or accept personal gifts.
- Engage in social media contact or private contact with children or vulnerable adults.

## **Online safety for clients and colleagues**

All colleagues must take care when communicating with others online. Electronic communication is an easy way to communicate with young people, but it does bring risks and dangers. It may be informal which can create the potential for misunderstanding and blurring of boundaries.

Electronic communication with children, young people and vulnerable adults should only be used:

- With children whose parents/carers have given explicit consent in writing on the West Midlands Sports Development CIC consent form.
- By those who have DBS clearance.

When communicating with clients between training and coaching sessions, colleagues must abide by the following principles:

- Any electronic communication with a young person should be copied to the parent.
- Communication should be made in clear, unambiguous language (rather than abbreviations and 'text language').
- Electronic communication (including texts) should be used for information-giving purposes only. Under no circumstances should colleagues:
  - Use electronic communication with primary school age children. In these instances, the communication should be sent to the parent/carer for them to pass on.
  - Share any personal information with children or vulnerable adults.
  - Request or respond to any personal information from the child or

vulnerable adult other than that which is necessary and appropriate for the work in hand.

- Take images or videos of children or young people or make a video call without the specific written permission of parents/carers and a Director of West Midlands Sports Development CIC.
- Ask children to reveal personal email addresses or mobile phone numbers.
- Use language which could be deemed as flirtatious, sexual or showing favouritism.
- Initiate or accept friend requests from under 18s or vulnerable adults using a personal social media profile.

### **Allegations management**

West Midlands Sports Development CIC recognises its duty to report concerns or allegations against its colleagues within the organisation or by a professional from another organisation.

The process for raising and dealing with allegations is as follows:

- Any colleague or associate of West Midlands Sports Development CIC is required to report any concerns or suspicions of abuse, harm or neglect in the first instance to the Safeguarding Lead. A written record of the concern will be completed and reviewed by the company directors.
- Concerns will be investigated by the Safeguarding Lead to conclusion.

### **Confidentiality and managing information**

Information will be gathered, recorded and stored in accordance with the Privacy Policy.

All colleagues must be aware that they have a professional duty to share information with other agencies in order to safeguard children and vulnerable adults. The need to safeguard children and vulnerable adults may override confidentiality interests. However, information will be shared on a need to know basis only, as judged by the Safeguarding Lead.

In any work with children and/or vulnerable adults it is important to be clear about confidentiality and about the limits of confidentiality. This should be discussed with children and/or vulnerable adults at the beginning of any piece of work and reminders and information given from time to time. All colleagues must be aware that they cannot promise service users or their families/carers that they will keep secrets.

While personal information held by professionals and agencies is subject to a legal duty of confidence and should not normally be disclosed without the subject's consent, West Midlands Sports Development CIC has a clear safeguarding responsibility. This means that, where necessary to protect welfare, it will breach confidentiality to raise concerns.

Records must be kept securely and access must be restricted. The Safeguarding Lead and directors have a particular responsibility in maintaining the confidentiality of these records and must ensure that the records, or any information they contain, are made available only to relevant parties. The transfer of information - verbally, through the mail or electronically should be managed in such a way that confidentiality is maintained.
